Yet, with all of our exports, our most important export is faith in the ability of every man to govern, to work and build and seek the highest goal he can, limited only by talent.

CONVENTION MOVIE OF HAPPY DAYS

The recent convention featured a movie which unfolded a Utopia. The plot was joyous. The theme: everything is perfectly marvelous, prosperity is now, victory was ours in Cuba, Viet Nam is well in hand and many other tidings of good cheer. After viewing, rush to the nearest poll and vote!

It is a good thing that there is an intermission, a time to think. To think of a few omissions in the plot. No one mentioned Laos in the picture. Laos received more foreign aid per capita than any foreign nation and is now firmly under Communist control thanks to Ambassador Averell Harriman who forced a coalition government with the Communists upon that country. Viet Nam is a place in which our servicemen are sent to war without the power of the United States behind them, with obsolete equipment, under ground rules giving sanctuary to the enemy. Our men are not al-

Algerian Communist Ben Bella, who was welcomed to the United States with a twenty-one gun salute on the White House lawn by this democratic administration, was missing from the movie. He kissed Castro on his way home from his United States homage.

Castro missed his chance to star. No footage was wasted on the invasion of Cuba. No scenes were filmed of the paying of ransom as the administration bought back the survivors. No mention was made of the deal which the administration made upon lifting the quarantine. Yet, Castro now seems to be protected from invasion by the United States Navy. On January 17, 1964, Khrushchev stated in Moscow that he had moved missiles out of Cuba in return for a United State promise not to invade Cuba. Khrushchev said, "We got a pledge that there will be no invasion of Cuba."

ATTORNEY

EDWIN H. MORSE
BIDS FOR A 3rd TERM

Edwin H. Morse (R. Wareham) is seeking the Republican nomination for State Representative in the 6th Plymouth District.

This district comprises of the Towns of Lakeville, Wareham, Marion, Rochester, Mattapoisett, Carver and Plympton. The redistricting commission took away the Town of Middleboro from the 6th Plymouth District but added the Towns of Carver and Plympton. Representative Morse has served on the following committees, Public Health, Towns and Public Service.

Representative Morse entered public service as a selectman, Assessor and a member of the Board of Public Welfare twenty-four (24) years ago and served continuously until elected to the House of Representatives in 1960. He is also a practicing attorney in Massachusetts.

With this public service background and the experience gained in two full terms as state representative, Mr. Morse believes he can better serve his district.

on the cutting room floor? This document entitled "Freedom from War" establishes that the official police of the present administration is to abolish our Army, Navy and Air Force and our nuclear weapons so that we can be "protected" by a United Nations Peace Force. Every American should be mighty interested in this development and deserves much more information.

No mention was made of the trouble in Panama, or of the wheat deal which gave Russia a cut rate on wheat and pulled the Communists out of serious trouble and, at the same time, opened the door for all kinds of trade to the advantage of the Communist bloc. Nothing was said about Communist agents and arms which are pouring into South America from Cuba. The movie ignored Bobby Baker and Q Club and many many other items of more than passing interest to an electorate faced with a choice of leadership.

Every voter has a duty first to his country and in order to choose wisely must have considerably more facts on the omissions mentioned above as well as many others. Every thinking citizen, of whatever party affiliation, deserves to be informed about the actions, the morals and the direction of the administation in power as well as the challenging leadership. We must choose on the basis of cold, hard facts. Emotion is for Conventions.

LETTER TO THE EDITOR

In behalf of the officers and members of Hilltop Friendship Circle, Mrs. Ruth W. Shaw, our president, has requested me to express our thanks for the assistance given to us by your paper. Our recent Summer Fair was successful, and we give full credit to press notices by area papers.

Personally, may I congratulate you upon your editorial of August 27th, "Vote Now - Pay Later". Voters should read it and ponder. I am glad that I can remember when "Americans did want to control their own lives, pay their own way, and maintain a Republic."

Come early-Don't be caught in the rush

out in the morning hungry, after his meals was hungry and turned in hungry -- yet he had more to eat than us poor fellows. Our men were so starved that some would eat their week's allowance at once, and beg from the others the remaining days.

August 17th, we saw the first steamer, supposed to have come out of the Straits of Belle Isle bound for England. The 19th, we fell in with and boarded the schooner David A. Story, of Gloucester, Mass., whose captain kindly furnished us with provisions, telling us that we were within one hundred and fifty miles from St. Johns, N. F.

The morning of the 24th St. Johns came in sight. This morning every man on board was capable of smiling for the first time. We all went ashore at 11 o'clock, and our story and appearance aroused the sympathy of the inhabitants. The Consul cared for us, provided us with warm clothing and sent us to the Mariners' Home, where we remained two days, having plenty of company in the form of bedbugs.

The editor of the St. Johns paper, in an article on our disaster, says: "The crew of the Isabella complained very bitterly about their treatment by Capt. Clisby of the Era. We inquired of Captain Blossom, of the Isabella, as to the truth of their allegations, and he said they were very unjust. The crew of the Isabella, he said, owed their lives to the timely arrival of the Era, and while in their thirteen months' stay on board that vessel some unpleasant things might have occured, they were well treated, upon the whole, and had no sound cause for complaint. Capt. Blossom is a fine specimen of a whaling captain and has been twenty years in the business. He desires us particularly to say that he and his crew had been very kindly treated by Consul Malloy of this city, and thanked him for his kind consideration."

The steamer Nova Scotia arrived the following Tuesday from London, England, on which the Consul secured us a passage to Halifax, N.S. From Halifax we went to Boston by steamer Ulunda. On the passage the passengers took up a collection for us which amounted to $1.00 a man. We arrived in Boston August 31, 1885. Almost immediately after the steamer had reached her dock my father came on board and it was a happy meeting for us. I bade all my shipmates good-bye and
